# WELCOME MESSAGE

Dear colleagues and partners,

It is our pleasure to invite you to join us at the Indonesian Tuberculosis International Meeting, which will take place in Surabaya, 5 - 7 April 2019.

The meeting theme, A Joined Force To Bring TB Down, highlights that eliminating tuberculosis (TB) and achieving the health-related Sustainable Development Goals requires a good and close coordination among clinical or public health researchers, other health workers, and national TB program (NTP).

The Indonesian Tuberculosis International Meeting hosts a three-day scientific programme and serves as a vital meeting place for all those working on every aspect of TB. Together with Pulmonary And Respiratory Medicine, Faculty of Medicine Airlangga University, Faculty of Public Health Airlangga University, and Indonesian Ministry of Health, the meeting will provide a platform for the latest science, knowledge, understanding, and policy discussions that will inform grounded about TB.

We look forward to welcoming you to Surabaya in April 2019.

Tutik Kusmiati, dr, Sp.P (K), FAPSR  
 Chairwoman of INA-TIME 2019

KEMENTERIAN KESEHATAN REPUBLIK INDONESIA

- TB in Hajj Pilgrim
- Model Informed Personalized Dosing of Anti-TB Drugs : Concept and Consideration
- Bedaquiline : Can it be used for Injectable-Free Shorter Treatment DR-TB Regimen?
- New Promise for Vaccines Against TB
- The Efficacy of the BCG Vaccine Against Emerging DR-TB
- Implementation of TB and Tobacco Control Collaboration

- Smoking Cessation as an Effort to Control Tuberculosis in Indonesia
- Effectiveness and Safety of Standardized Shorter Regimen for DR-TB
- Combining Delamanid to treat DR-TB
- Line Probe Assay (LPA) ; The New Diagnostic Technique for DR-TB
- Molecular Rapid Test for Pirazinamid Sensitivity : Fenotyping vs Genotyping
- Xpert MTB/Rif Assay for The Diagnosis of Pulmonary and Extrapulmonary TB in Adults and Children
- Serum Albumin as Predictors of TB Treatment Outcome
- Parenteral Nutrition in Hospitalized DR-TB Patients with Nausea and Vomiting
- The Role of Vitamin D in the Management of TB
- The Reason Behind Inappropriate Use of Serologic Test to Diagnose TB
- Fenotype and Genotype Resistance Result, Which One More Superior?
- Infectiousness of DS and DR-TB, is it Similiar?
- Digital Transformation of Information System in TB Programme
- The Usage of Electronic Devices as an Innovation for TB Programme
- Novel : Storage and Transportation of Sputum Specimen
- The Management of Tuberculosis in Workplace
- Improving Tuberculosis Control Through Public-Private Partnership Innovation

## CALL FOR ABSTRACT

### ALL TOPICS FOR RESEARCH / CASE REPORT RELATED

#### TUBERCULOSIS :

- CLINICAL (DIAGNOSTIC AND TREATMENT)
- MICROBIOLOGY
- PHARMACOLOGY
- RADIOLOGY
- PUBLIC HEALTH
- NATIONAL TB PROGRAM

SELECTED MANUSCRIPT WILL BE SCOPUS INDEXED OR ACCREDITED NATIONAL JOURNAL

**Scopus\***

# REGISTRATION FEE

## PRE CONFERENCE WORKSHOPS
