WELCOME MESSAGES

Assalamualaikum wr. wb.

Dear Colleagues,

We thank you for the presence of Allah SWT, who is always bestow mercy on all of us so that until this moment we are still in His guidance in carrying out our professional duties.

National Congress of Indonesian Neurological Association (INA) as a four yearly event is almost time to be held again. National Congress is an event for all INA members in Indonesia which include organizational and scientific discussion forum. This event has become a continuous effort to enhance the role of Neurologists in Indonesia in order to succeed the health-care sector.

The influences of globalization are unstoppable for Indonesia along with sophisticated technology advancement, the world is now entering a revolutionary industry 4.0 era, which emphasizes on the digital economy, artificial intelligence, big data, robotic, etc. or known as disruptive innovation phenomena. Facing these challenges, National Congress of INA presents a theme about "The Challenges of Neurology Development in the Fourth Generation Industrial Revolutionary Era". The industrial revolution experienced its current peak with birth of digital technology that has a massive impact on human life throughout the world.

Unlike the previous industrial revolution, this 4th generation industrial revolution has a wider scale, scope and complexity. New technology advancement that integrates the physical, digital and biological worlds has affected all disciplines, economics, industry and especially in our fields of health-care. The latest industrial revolution or fourth generation industries encourage automation systems in all activities and processes. Are Indonesian neurologists ready to face this change? We will answer during National Congress of INA event which if God willing will be carried out on August 2019.

Colleagues of all PERDOSSI members throughout Indonesia, let's make National Congress of INA 2019 fruitful and successful seisson by attending, participating and contributing to this event.

We look forward to your presence and participation in Surabaya, the City of Heroes that we love.

With Best Our Wishes,

Isti Suharjanti.

Chairman of Organizing Committee

WELCOME MESSAGES

Assalamualaikum Wr. Wb.

Greeting from Surabaya,

On behalf of the chairman of Indonesian Neurological Association, we are cordially welcoming you to participate in the 9th National Congress of The Indonesian Neurological Association, September 12th - 15th 2019, JW Marriott, Surabaya - Indonesia.

Through our theme "The Challenges of Neurology Development in the Fourth Generation Industrial Revolutionary Era", we would like to deliver the latest on research, guideline and best clinical practice neurology cases adjust to the fourth generation industrial revolution.

In addition to presenting scientific events, the national congress also serves as a forum for meeting organizations in developing future neurological development strategies and the selection of new PERDOSSI and KNI organizers.

Hopefully this event will run peacefully and successfully, resulting in a better new board of Indonesian Neurological Association and Indonesian Neurological Collegium.

Wassalamua'alaikum Wr. Wb.

Moh Hasan Machfoed

President of Indonesian Neurological Association
